- Travelling.
- Art.
- Watching Movies, Series.

Career Objective

As an experienced Frontend Developer with 1-2 years of hands-on experience in React, my objective is to further enhance my expertise by tackling challenging projects and contributing to the success of innovative web applications. I aim to leverage my solid understanding of frontend technologies, including HTML, CSS, and JavaScript, combined with my proficiency in React, to architect scalable and maintainable solutions that exceed user expectations. I am seeking a role where I can collaborate with cross-functional teams, mentor junior developers, and actively participate in the continuous improvement of development processes to drive business growth and achieve collective success.

Experience
